EDUCATION

AKTU

B.TECH IN CSE

2023 -- 2027 | Uttar Pradesh
Dr. A.P.J. Abdul Kalam Technical
University

CLASS XII

CBSE | 2022
72%

CLASS X

CBSE | 2020
89%

SKILLS

LANGUAGES

Python • Java • C++
JavaScript • SQL

CORE CS

DSA • OOP • DBMS
OS • Computer Networks

TECHNOLOGIES

MongoDB • Node.js
Express.js • REST APIs
Git • GitHub • VS Code

LIBRARIES

Pandas • NumPy
Scikit-learn • Matplotlib

CERTIFICATION

Machine Learning Training
Internshala | Score: 85%

ACHIEVEMENTS

Smart India Hackathon Finalist
200+ LeetCode Problems Solved
Built Data-Driven Startup App

EXPERIENCE

STARTUP INITIATIVE | FOUNDER & DEVELOPER

Jan 2026 -- Present | India

- Developed a full-stack MERN application focused on data-driven user experiences.
- Optimized MongoDB aggregation pipelines, reducing query latency by 20%.
- Built analytics dashboards and A/B testing workflows to improve engagement.

PROJECTS

DATA-DRIVEN MERN APPLICATION | FULL STACK DEVELOPMENT

- Developed a MERN application with authentication and role-based access control.
- Designed REST APIs and optimized MongoDB queries for backend performance.
- Implemented analytics dashboards and user behavior tracking features.

SMART INDIA HACKATHON PROJECT | SIH FINALIST

- Developed a scalable software solution for a national-level problem statement.
- Designed application architecture, database workflows, and backend modules.
- Integrated APIs and qualified as Smart India Hackathon Finalist.

CUSTOMER CHURN PREDICTION | MACHINE LEARNING

- Developed a classification pipeline achieving 85%+ F1-score.
- Performed EDA, feature engineering, and SMOTE-based class balancing.
- Optimized Random Forest and Logistic Regression models using GridSearchCV.
